# Aligning Anesthesiology and Perioperative Services with Value-Based Care

## Program Overview

Perioperative Services are undergoing dramatic change. Payment is moving from volume-based to value-based while advances in pain control and technology are accelerating the movement and growth of both ambulatory and out of OR cases. Key to success is creating a culture where anesthesia providers, surgeons, interventionalists and nursing are engaged and committed to the organization's success. This activity will provide all Perioperative leaders the tools and insight to drive this *cultural transformation*.

## Program Goal

Through presentations and interactive learning sessions with the nation's foremost leaders in value-based care, participants will develop the tools necessary to return to their home medical centers, ambulatory surgery centers, surgical and anesthesia practices to enact immediate change. Thought leaders in anesthesiology, surgical subspecialties, interventional radiology, and health systems management will share their experiences from the front lines of the transformation taking place in their medical system. Presentations from the Association of Anesthesia Clinical Director (**AACD**), the Society of Non-OR Intervention and Anesthesia (**SONORIA**), and the International Consortium in Operating Room Management Education and Training (**iCORMET**) will serve as the foundation for this groundbreaking educational experience.

## Program Objectives

New Governance Models for OR and Out of OR Areas

- Define value based care broadly across the US Health system, and specifically within their sub-specialties.
- Create modalities at their home institutions to deliver value in the care of their patients and to the payers.
- Integrate similar value-based care goals across disciplines.
- Create methods to measure value and quality in the care of patients.

## Accreditation

The activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society of Anesthesiologist and the Association of Anesthesia Clinical Directors.

The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

Jointly provided by the American Society of Anesthesiologists and the Association of Anesthesia Clinical Directors. This activity has been approved for *AMA PRA Category 1 Credit™*

## Registration and Fees

We request that you register in advance. Payment must be included with your registration form or can be made online through the AACD website at [www.aacdhq.org](http://www.aacdhq.org)

## Refund/Cancellation Policy

A full refund of registration fees, minus a \$100 administrative fee, will be available if requested in writing (email is acceptable written format) and received by February 15, 2019.

## Program Accessibility

We accommodate persons with disabilities. Please call (614) 784-9772 or mark the space on the registration form and an AACD representative will contact you to discuss your needs. To ensure accommodations, please register at least three weeks before the start of the summit. The AACD and the ASA are committed to providing programs and activities to all persons, regardless of age, religion, color, national origin, ancestry, sex, disability, and veteran status. In addition, our policies prohibit discrimination on the basis of sexual orientation, marital status, and parental status.
